Conditions of Sale

1. Rejection of Bids. Any bid which is not commensurate with the value of the article offered, or which is merely a nominal or fractional advance may be rejected by the auctioneer if in his judgment such bid would be likely to affect the sale injuriously.

2. The Buyer. The highest bidder shall be the buyer, and if any dispute arises between two or more bidders, the auctioneer shall either decide the same or put up for re-sale the lot so in dispute.

3. Identification and Deposit by Buyer. The name of the buyer of each lot shall be given immediately on the sale thereof, and when so required, each buyer shall sign a card giving the lot number, amount for which sold, and his or her name and address.

A deposit at the actual time of the sale shall be made of all or such part of the purchase prices as may be required.

If the two foregoing conditions are not complied with, the lot or lots so purchased may at the option of the auctioneer be put up again and re-sold.

4. Risk after Purchase. Title passes upon the fall of the auctioneer's hammer, and thereafter neither the consignor nor the Association is responsible for the loss or any damage to any article occasioned by theft, fire, breakage or any other cause.

5. Delivery of Purchases. Delivery of any purchases will be made only upon payment of the total amount due for all purchases at the sale.

6. Receipted Bills. Goods will be delivered only on presentation of a receipted bill. A receipted bill presented by any person will be recognized and honored as an order by the buyer, directing the delivery to the bearer of the goods described thereon. If a receipted bill is lost before delivery of the property has been made, the buyer should immediately notify the Association of such loss.

7. Storage in Default of Prompt Payment and Calling for Goods. Articles not paid for in full and not called for by the purchaser or agent by noon of the day following that of the sale may be turned over by the Association to some carter to be carried to and stored in some warehouse until the time of the delivery therefrom to the purchaser, and the cost of such cartage and storage and any other charges will be charged against the purchaser and the risk of loss or damage occasioned by such removal or storage will be upon the purchaser.

In any instance where the purchase bill has not been paid in full by noon of the day following that of the sale, the Association reserves the right, any other stipulation in these conditions of sale notwithstanding, in respect to any or all of lots so purchased to cancel the sale thereof or to re-sell the same at public or private sale without further notice for the account of the buyer and to hold the buyer responsible for any losses and costs sustained in so doing.

8. Shipping. Shipping, boxing or wrapping of purchases is a business in which the Association is in no wise engaged, but the Association will, however, afford to purchasers every facility for employing at current and reasonable rates carriers and packers; doing so, however, without any assumption of responsibility on its part for the acts and charges of the parties engaged for such service.

9. Guaranty. The Association exercises great care to catalogue every lot correctly and endeavors therein and also at the actual time of sale to point out any error, defect or imperfection, but guaranty is not made either by the owner or the Association of the correctness of the description, genuineness, authenticity or condition of any lot and no sale will be set aside on account of any incorrectness, error of cataloguing or imperfection not noted or pointed out. Every lot is sold "as is" and without recourse.

Every lot is on public exhibition one or more days prior to its sale, and the Association will give consideration to the opinion of any trustworthy expert to the effect that any lot has been incorrectly catalogued and in its judgment may thereafter sell the lot as catalogued or make mention of the opinion of such expert, who thereby will become responsible for such damage as might result were his opinion without foundation.

10. Records. The records of the auctioneer and the Association are in all cases to be considered final and the highest bid shall in all cases be accepted by both buyer and seller as the value against which all claims for losses or damage shall lie.

11. Buying on Order. Buying or bidding by the Association for responsible parties on orders transmitted to it by mail, telegraph, or telephone will be faithfully attended to without charge or commission. Any purchases so made will be subject to the foregoing conditions of sale, except that, in the event of a purchase of a lot of one or more books by or for a purchaser who has not through himself or his agent been present at the exhibition or sale, the Association will permit such lot to be returned within ten days from the date of sale, and the purchase money will be refunded if the lot in any manner differs from its catalogue description.

Orders for execution by the Association should be given with such clearness as to leave no room for misunderstanding. Not only should the lot number be given, but also the title, and bids should be stated to be so much for the lot, and when the lot consists of one or more volumes of books or objects of art, the bid per volume or piece should also be stated. If the one transmitting the order is unknown to the Association, a deposit must be sent or reference submitted. Shipping directions should also be given.

Priced Catalogues. Priced copies of the catalogue, or any session thereof, will be furnished by the Association at charges commensurate with the duties involved in copying the necessary information from the records of the Association.

No person other than the auctioneer or an official of the Association is authorized to arrange conditions of sale different in any way from those herein contained.

EXCESSIVELY RARE. SECOND ISSUE OF THE ORIGINAL EDITION, PUBLISHED THE SAME YEAR, CONTAINING THE SUBSEQUENTLY PRINTED "*Additional Observations to a Short Narrative,*" FOLLOWING THE "*Narrative,*" AND CONTINUOUSLY PAGED THEREWITH.

A blank page [84] follows the Index to the "Appendix" after which are pp. 85–88 WHICH ARE RARELY FOUND WITH THE WORK. The copy described in the Church catalogue did not contain these pages. Pages 85–88 are very important in that they contain the list of names of persons in England to whom the pamphlet was sent, and a copy of the letter that accompanied the pamphlet. The above copy does not contain the printed slip before the title, which the Church copy contains, beginning "The last ten pages [pp. 39–48] of this Narrative . . . ."

This issue contains "Additional Observations" pp. 37–48 not in the First Issue. The reason for these pages not appearing in the First Issue is given in a footnote on page 39.

Henry Stevens says in his *Nuggets:* "When a part of the copies of this Narrative had been sent to England, a restraint was laid upon the publishing of the remaining copies by a vote in Town Meeting. . . . This delay of a few days gave the committee time to add a few more facts. Accordingly the first paragraph of page 37 was rewritten, and pages 38 to 48 added to the Narrative. The pagination of the Index was corrected, and pages 85 to 88 added at the end of the Appendix."

With the Autograph Signature of "*Ezra Stiles,*" Seventh President of Yale University, on title-page.

COLLECTED VOLUME OF RARE EARLY LAWS—SOME NOT MENTIONED IN GAGNON

52. 50

173. CANADA. LAWS. [A thick 4to volume, containing the following important documents relating to Canada. As the various pieces are printed on different papers, it is evident that they are the original issues. It is probable, however, that some of them were reissued in 1824 by the King's Printers under the collective title which commences the volume, although the title-pages are dated 1796–1841. The present collection includes several pieces more than the set described by GAGNON in *Essai de Bibliographie Canadienne* 1895 (*vide* No. 11). These original issues are excessively rare, so much so that even the British Museum does not contain them. Every piece, except six as mentioned below, has the English and French on opposite pages.]

AN IMPORTANT COLLECTION OF RARE ITEMS, IN FINE STATE.

Admiral Vernon sailed from Jamaica, January, 1741, with a formidable fleet having on board 15,000 sailors and 12,000 soldiers, including four battalions of Americans. Appearing before Carthagena, March 4, he was repelled with great loss. The collection here offered illustrates the bitter controversy which centered round the Admiral, who attributed the failure of his expedition to divided command due to royal favoritism.

Lawrence Washington, elder brother of George Washington, served in this expedition under Admiral Vernon, whom he regarded with such warm esteem as to name his Virginia estate MOUNT VERNON in honor of the Admiral.

The American troops, and their officers, are frequently referred to—not always in a flattering manner.

2.

A singular narrative. John Smith was born in Cornwall, 1573, and is described as an English pioneer, though serving under the Dutch flag. Capt. John Smith, of Virginia fame, returned to England, after various adventures, in 1605, and the unreliability of his personal memoirs leaves one in doubt whether or not he honored Malaya with his presence prior to 1605. The narrative abounds in stirring sketches of Malayan life.

The author was the first white man to reach the Arctic Ocean overland from America, and is considered one of the best authorities on the North West portion of the country. Quebec: Printed for the author by J. Neilson, 1815

ORIGINAL EDITION OF WHICH ONLY 300 COPIES WERE PRINTED. WITH THE SLIP "*Number of Souls, etc., in Canada in 1784,*" WHICH IS RARELY FOUND WITH THE WORK; AND THE LEAF OF "*Errata*" IN VOLUME I.

For some unknown reason the work was not issued until 1826. Chief Justice Smith expresses some opinions in it which he may probably have thought would give offence, and therefore delayed its issue to the public until he was on the point of leaving Canada for England. In fact it is stated that it was Mrs. Smith who left orders for publication. The first volume, it appears from a letter the author wrote, was ready in the beginning of 1812, and it is evident from the "Finis" at the end of that volume that no more was contemplated. It is also curious that the second volume ends "End of the second volume," as though another was written or about to be written; but if it was ever published, no copy is known. The present copy is a fine, clean, perfect copy, with wide margins.
